**JOINT REQUEST TO ALLOW CONTINUED USE OF GROUND WATER**

The North Snake Ground Water District (NSGWD) and the individual NSGWD member listed below, request continued irrigation with ground water on converted acres pursuant to the Director's *Order Approving IGWA Substitute Curtailment Plan (Blue Lakes Delivery Call)*, dated July 6, 2005 and the *Order Granting IGWA's Extension Request (Blue Lakes Delivery Call)*.

Name of NSGWD member:

Ken Anderson

POD #

100535Will you need the ability to divert water from your well in 2005? yes

Existing ground water measurement device:

PLC

Description of device or additional work needed to ground water diversion: Can install a hour meter for 2005. Watermaster to re-evaluate (actually do a initial visit since one was never done in 2005 nor reported as a conversion)

Time frame to complete additional work:

30 days

Method by which the surface water is measured by the canal company:

Submerged orificeDo you own/rent surface water to irrigate this property? NO

The individual member of the NSGWD is required to measure and report ground water diversions to the NSGWD. The North Side Canal Company measures and reports surface water use by NSGWD members to the NSGWD. The NSGWD will compile the measurement data from individual members and the North Side Canal Company and report it to the Watermaster and the Department.
